Down In Louisiana

When the yellow fever broke out the first thing the authorities turned their attention to was the water—they even went so far as to kill the mosquitoes and other insects which bred about the water in order to prevent the spread of the disease through them.

Typhoid fever, malaria and, in many cases, bowel trouble is caused by drinking bad water. Now let's put out the water and bad water makes bad ice. The freezing only changes the form—not the condition.

Spring water is the purest water that flows—naturally it makes the purest ice. Our ice is taken from a spring-fed lake—thus we can assure our customers that it is PURE ice.

In face of these facts, don't you believe you had better call up Illinois 10 and 11 or tell 516 when you want ice? We do.

COUNTY CONVENTION

W. C. T. U. Convention at Waverly Tuesday and Wednesday—Interesting Sessions Expected—Gold Medal Contest.

Preparations are being made for the county convention of the W. C. T. U. to be held in Waverly Tuesday and Wednesday of this week. The program will be of unusual interest. Mrs. F. M. Coard, of this city, will lead the devotionals Tuesday morning and conduct the memorial services Wednesday afternoon. Mrs. Sarah J. Cocking, Mrs. A. C. Kirby and Mrs. Daniels will participate in the exercises; Miss Lula Miner will speak of the L. T. J. work; Rev. Mr. Barton will deliver the address of welcome for the Waverly churches, Mayor Allyn for the city of Waverly, and Mrs. Mary Leigh for the Waverly union. The response will be made by the state president, Miss Marie C. Brehm, who will also deliver a lecture. The gold medal contest will be held Tuesday evening. All are invited to attend the sessions of the convention, which will be held in the M. E. church.

WOMAN'S COLLEGE NOTES.
Monday and Tuesday are enrolling days. All students, whether old or new, will please report on these days. The first chapel service will be held Wednesday morning at 9 o'clock. At this service all students are expected, and all friends and patrons are invited to be present.

All indications point to the largest enrollment the college has ever had. The teachers are beginning to return from their summer vacations, and all are expected by Monday. Miss Weaver arrived Friday evening from Day View, Mich., where she spent the summer.

Miss Knopf spent part of the summer on the Pacific coast. During the vacation she has secured a number of valuable and interesting additions to the equipment of the studio, including casts, pottery and draperies. In the pottery are several interesting pieces from the Chinese quarters of San Francisco. Among the casts is a full figure of Michael Angelo's slave.

The wide-spread reputation of the college, and the extent of territory from which it draws students may be seen in the fact that the enrollment now shows students not only from Illinois, but from Ohio, Indiana, Michigan, Wisconsin, Nebraska, Iowa, Missouri, Kansas, Colorado, Wyoming and South Dakota.

TRAIN DELAYED.

Saturday morning as the mail train east on the Wabash was nearing the station a train and wagon from York's coal yard approached the Prairie street crossing and just as the horses were on the track the wooden approach gave way letting down a front wheel of the heavily loaded wagon and of course stopping the whole proceedings. The driver removed his horses as soon as possible and gave the alarm to the train, which was stopped just as the engine drew by the wagon, but the train couldn't pass and it took some fifteen minutes, with the advice and assistance of a number of passengers, to get the wagon out of the way so the train could proceed.

PLATE GLASS WINDOW BROKEN.

Saturday morning a boy on the north side of East State street threw a stone at a dog and the missile struck the walk on the opposite side and glancing upward, cracked a pane of plate glass in the large millinery establishment of J. Herman. Arthur Martin was in the store at the time and rushed to the front door, but the offender had made good use of his heels and escaped. The glass was insured.

CHANGE OF OFFICE.

The office of the superintendent of public instruction has been removed from the Morrison block, and Superintendent Furr will hereafter be found in the high school building. His office will be where the principal's office has been in the past, and Principal Glasgow will have a room immediately across the hall.

FEET SWOLLEN TO IMMENSE SIZE.

"I had kidney trouble so bad that I could not work," says J. J. Cox, of Valley View, Ky., "my feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure, which made me a well man of me." Sold by J. A. Obermeyer, City Drug Store.

DEATH RECORD

FUNK.

Roy D. Funk entered into rest Saturday morning at 9:50 o'clock at the home of his mother, Mrs. Emma J. Funk, on South Main street, after an illness of about one year.

The deceased was born in this county, Dec. 4, 1877. He joined the M. E. church at Alexander when only 14 years old, and was always an energetic worker in the church, having been elected Sunday school superintendent at the age of 16 years. He removed to this city with his mother in 1901 and transferred his membership to Grace M. E. church soon after. He took an active interest in the Epworth league work of this church until failing health compelled him to give it up.

Mr. Funk attended school in this county and served as teacher one term at Liberty, two terms at Long Point and two terms at Little Hope. Desiring to continue his studies, however, he attended the state normal school and then Illinois college.

His mother, Mrs. Emma J. Funk, three brothers, Hillard, Yuba and Cadie Funk, and two sisters, Ethel and Cecil Funk, survive. His father, Lewis Funk, died Dec. 27, 1888; a brother, R. W. E. Funk, March 15, 1901, and a sister, Fannie, died in infancy.

The funeral services will be held at the residence Monday morning at 8:30 o'clock and the remains will be taken to North Prairie cemetery, near Winchester, for interment.

ROUNTREE.

Mrs. Mary M. Rountree died as stated in Saturday's Journal, at her home in this city Saturday morning at 2:50 o'clock.

Deceased was born in Paducah, Ky., Nov. 9, 1837, and removed with her parents to Shawneetown, this state, when she was 3 years old. There, when a child, she was kidnapped and sold into slavery and the colored person having no rights that a white man was bound to respect it was impossible to secure her liberty in a rightful manner, so her mother, Mrs. Minerva Chapman, a hard working woman on a river steamboat, saved from her earnings until able to buy her daughter's freedom, which she did as soon as possible and removed to this place in 1844, where two years later the freed daughter was married to Thomas Rountree, whom many elderly citizens will well remember. She had no children, but was a faithful mother to her stepson, Thomas, who died some years ago. She was a devoted wife and an intelligent woman, considering the advantages she had and she made good use of her opportunities. She was a loyal and consistent member of Mt. Emory Baptist church and was for years a constant worker in the Sunday school, acting as teacher, superintendent, or in any other capacity as required by a sense of duty. She was a good neighbor and a kind friend to all whom she knew. Her husband died a number of years since and she is survived by her brother, Reuben Chapman of New York, and her niece, Mrs. Ida McCree, of this city. At the time of her death she was matron of the Eastern Star chapter of this city.

The funeral will be conducted from Mt. Emory Baptist church at 2 p. m. to day and interment will be in Jacksonville cemetery.

GILLMAN.

Charles Gillman, one of the wealthiest stock raisers of Montgomery county, and an uncle of Charles Gillman of this city, died Saturday morning at 1 o'clock at St. John's hospital, Springfield. He was a resident of Farmersville and leaves his wife, three sons and five daughters.

A NEW MEAT MARKET.

Since opening my meat market at 226 South Main street three years ago this month, by carefully studying the wants and wishes of my patrons and giving them the very best that could be obtained in the market, my trade has constantly increased until it is now too large for me to handle in the manner that I wish to in my present location, and with this in view I have decided to open a branch market, and have got for that purpose the room formerly occupied by the PALACE LUNCH ROOM, 110 South West street, in the Courier building, and will open Tuesday morning. It will be known as the CANNONBALL market.

And I have secured to manage this branch a gentleman who needs no introduction to the people of our city, Mr. William Widmayer, who was born and raised here, and until a few years ago was associated with his father in the meat business here, but for the past two or three years has been connected with large packing houses in charge of their interests at various points in the west. I will carry at all times in both the new shop, which will be open Tuesday morning, at 110 South West street, and the old one, which I will still continue to manage, at 226 South Main street, a line of the very best of home killed meats and a complete line of smoked goods. I also wish to call your attention to our delivery, which I pride myself upon, and its promptness pleases every one. Especial attention is also paid to telephone calls.

RAILROAD NEWS NOTES

Gossip Regarding New Alt. n Freight Depot—Visit of General Manager Goodnow to Proposed Site—Items of Interest.

General Manager Goodnow, of the Alt. n, arrived in the city Friday evening from Roodhouse and left Saturday morning about 9:15 for Kansas City. It is not known just what the result of his visit at this time will be, but Saturday morning, he in company with some of the local railroad men, looked over the ground south of College avenue, which they recently purchased, and upon which the Alt. n intends to build its new freight house. Mr. Goodnow said that they would begin the erection of the new depot in the spring. The plan for the depot is one of large dimensions with a driveway on both sides and a track running through the middle of it, so as to unload the freight out of either door of the car directly into the house.

TREATMENT OF INSANE.

Enslay Moore returned Friday evening from a visit in the northern part of the state, stopping enroute at the Bartonville asylum for the insane, near Peoria. At this institution the superintendent is making some "decided experiments" in caring for his charges. Among other things he has removed the screens from the windows, an unusual proceeding in keeping the insane. He is also substituting women for men attendants in the men's ward and is trying the effects of various colors in painting the rooms occupied by patients. Dr. Zellars says the results so far have been satisfactory and that this form of treatment, in giving the patients more liberty, makes for their general improvement. He discards all use of opiate medicines and special restraining appliances.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and falling hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff germ. Nowhere's Herpelde does this because it is specially made to do that very thing. When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

STUDENTS ARRIVE VIA AUTO.

Students are arriving in the city now from all directions and by all kinds of conveyances. Although most of them come by rail, in the past many have been known to walk; but the newest method is via auto car. The latest to employ this method are Mr. and Mrs. C. G. Layton, of Portomac, who arrived Friday to enter their daughter, Miss Alma, and Miss Ethel Hall in the Woman's college. They left on the return trip Saturday at noon.

Others pay less than A PIANO is worth to be sure it is cheap—simply a waste of money.

We do not ask you to pay more than is just, nor will we advise you to pay less than is safe, but we have a variety and they each have a standard of quality worthy of the price asked.

Remember Our Introductory Sales

As announced Saturday morning we will continue this week to offer a reduction of 20 per cent in all departments except Domestic. In this department 10 per cent will be given. If you were not a Saturday visitor to this store—Be a Monday visitor.

Let one sheep start in a certain direction, and if there is a thousand in the flock they will all follow the leader, and it seems that the American people follow the example set by a flock of sheep. Phelps & Osborn advertised a cut price, cash, 24th Anniversary. Early in the day the buyers started for their great store and until 10 o'clock last night their store was simply overrun with eager buyers. Their force of twenty-five salespeople were almost wild cutting off and wrapping the selections made. The customers did not wait to be shown goods. They were laid out with regular and cut price sale tickets on them and the buyers made their own selections. You should see the great reduction prices marked on Dress Goods, Silks, Suits, Underwear, Hosiery—in fact, the anniversary price tickets are thick all over their great establishment. It has become a well known fact in this vicinity that when Phelps & Osborn advertise a cut price sale it means you will surely find the goods advertised and at the prices quoted.

This great anniversary sale began yesterday and will continue until Saturday night, September 16. We are assured of the fact that during each day of the sale many special new bargains will be laid out for your inspection. Our advice to the buying public would be: visit this sale each day during its continuance, and your purchases for the winter, if bought here, will leave a handsome balance in your pocket-book for your holiday purchases.

"YON YONSON" TUESDAY.

Some people are under the impression that it is necessary to understand the Swedish language in order to enjoy the performance of "Yon Yonson." Such is not the case. The dialect of "Yon Yonson" has enough English in it to be entirely intelligible to all American theatre goers. The comedy was written for the American public and it has lived successfully during the last fifteen years, which is evidence that it has pleased.

The 100 acre tract, good improvements. Fine farming and cattle farm; has over sixty bushels of corn to the acre this year. A fine hay or wheat farm. This farm is well worth what they are asking for it. Well watered. Will take a good residence in part trade for the place, or some good income property.

For Sale.

220 acres of finely improved land near a fine market. \$200 per acre.
110 acres, two sets of improvements, a fine cattle and grain farm combined; price, \$25.00.
180 acres of rolling cattle lands, improved; \$40.00.

We want to write some insurance for you. We don't want it all from the other agents. We just want a little of it and we want you to remember us. Come and see what we will do for you.

BUCKTHORPE

YATES BUILDING, WEST STATE ST.

"ROYAL CHEF" SATURDAY.

There are 88 girls in the chorus of "The Royal Chef." Most of this number are of the famous Garrick show girls, than which there are said to be no prettier on the stage. The Garrick show girl is known all over the country. Lillian Russell, in her early days, was a Garrick show girl. Since that time it has been the ambition of every chorus girl to be in some show at the Garrick theatre, Chicago. When the Messrs. Shubert formed "The Royal Chef" company they had no less than 400 applications for membership in the chorus. Seats on sale Thursday.

CORN AND ITS OPPORTUNITIES

The United States this year will produce the greatest corn crop the world has ever seen, a crop that will be more than 90 per cent of all the maize that is grown. Exports of corn have steadily grown during the past several months, making a greater outlet for this constantly growing flood of grain, but the demand abroad has not even yet begun. It is in its infancy. Half the world and millions of people know nothing about the use of corn as a food. The few steers that have been taken toward the introduction of corn in Europe have had wonderful results, including the practical demonstrations of the many uses of corn as a food in the corn kitchen at the Paris exposition. In no way could the government of the United States devote public money to a better purpose than in the erection and maintenance of a commission, under the direction of the department of agriculture, for the propagation of corn as a food in countries where corn is today almost an absolute stranger.

Corn can be made a popular food throughout the world because of its wholesome qualities, the many uses to which it can be put, and its cheapness. The increased demand, once created, however, will enhance the value of the grain, and the American farmers, who possess the only great corn belt in the world, will be enriched by their almost exclusive possession of such a splendid food product.

Every newspaper in the country that is at all interested in the agricultural welfare of the country, and we can imagine none that are not, should take up the corn "propaganda and push it to the utmost, asking senators and representatives in congress to give the matter attention and devise means for opening the markets throughout the earth to corn.

This country has made spasmodic efforts, but they have been of comparatively small effect, because of the parsimonious application of the funds. Billion dollar congresses have made much worse use of the people's money in many directions than using it to teach the world to eat corn.

Our corn export market is not at all what it should be. There are vast areas in Europe, where teeming millions that need cheap, good and wholesome food, who would eat corn enough if the grain were introduced, to never again permit the cruel spectacle of its burning or rotting away to be witnessed in this broad land.

It has been pointed out that one cent a bushel, added to the price of normal corn in this country, would mean twenty million dollars added to the income of the American farmers. This would add two millions to the income of the farmers of Illinois and a million and a half to their fellow agriculturists across the river in Missouri. Every additional bushel that found its way into the markets of the world would mean something toward the up-building of the country and her cities and to the prosperity of the entire citizenship. We have the corn and the world needs it. Let the press of Illinois and elsewhere urge the people's representatives to push American corn in every quarter of the earth.

Told of Mr. Hay.

Secretary Hay was not without the saving grace of humor. In a speech before the Ohio society in New York two years ago he facetiously traced his ancestry and descent. "I was born," said he, "in Indiana. I grew up in Illinois. I was educated in Rhode Island. I learned my law in Springfield, Ill., and my politics in Washington, my diplomacy in Europe, Asia and Africa. I have a farm in New Hampshire and desk room in the District of Columbia. When I look to the springs from which my blood descends, the first ancestors I ever heard of were a Scotchman who was half English and a German woman who was half French. Of my immediate progenitors, my mother was from New England and my father from the south. In this bewilderingment of origin and experience I can only put on an aspect of deep humility in any gathering of favorite sons and confess that I am nothing but an American."—Albany Argus.

ELUDE CAPTURE.

Galesburg, Sept. 9.—For two months Mayor Doubet and George Elliott, two wealthy citizens of Williamsfield, have been receiving letters demanding \$1,000 from each of them under threats of death. Two attempts have been made to deliver the money and capture the writers, officers being on the watch to nab them. Each time, however, the blackmailers failed to appear, but later sent letters showing knowledge of the plans made to capture them.

WILL ERECT NEW PLANT.

The Holm Manufacturing company has just recently purchased the vacant lots at the corner of Lafayette and Allen avenues, directly across the street from the Illinois Bridge and Machine company's shop, and in the near future will begin the erection of a fine two-story building facing Lafayette avenue. The quarters which they now occupy are so small that it is impossible for them to turn out the orders of their rapidly increasing business. The new building will be a frame structure, with brick foundation, two stories high, and will have an "L" addition. The building from Lafayette avenue will extend back 225 feet and will be fifty feet wide. The "L" part will be 50x70 feet. The company has already placed orders to the amount of \$6000 for new machinery and are now contemplating buying more. This building, when completed and all the new machinery put in place, will be one of the most thoroughly equipped wood working plants in the state. It is expected that the building will be completed by Nov. 1st.

Take your old school books to Ledford's for exchange.

AN OLD TIME BILL.

Saturday a Journal reporter was shown at Johnson, Hackett & Guthrie's an old time bill, dated Sept. 6, 1855, from Warne, Merritt & Co., 20 Main street, between Chestnut and Pine, St. Louis, Mo., to W. B. Johnson of this city, showing that the latter had bought of the St. Louis firm some sad iron stumps, fire shovels and a hair hobby horse. The firm dealt in hardware and boat and housefurnishing goods and at the time was a leading establishment. An illustrated catalogue was about the size of an ordinary school paper covered primer and Mr. Johnson laid beside it the catalogue of such a house to day, and the volume was much like an unabridged dictionary. If any one then had told either the St. Louis or Jacksonville house that Chicago would in the coming half century leave the city by the river vastly in the rear he would have been laughed out of countenance; yet such is the case to day by about four to one.

SACRED CONCERT.

BIG LAND SALE.

One hundred and fifty acres of land near Markham, belonging to the estate of the late Mary Bramham, was sold at auction at the south door of the court house Saturday. The land was bought by William Paschall for \$121.50 per acre. Capt. John E. Wright was the auctioneer.

COLLEGE TRUSTEES

Members of Board Discussed Interests of Illinois College Saturday—Chairman W. J. Bryan Was Here

The board of trustees of Illinois college held a meeting Saturday morning and discussed matters of routine business pertaining to Illinois college. Chairman W. J. Bryan met with the board for the last time prior to his trip around the world. Reports from the field secretary, Rev. J. L. Wylder, showed that he had visited during the summer over twenty counties and interviewed personally over 500 young men and women, most of them graduates of high schools. President Rummelkamp stated that all was in readiness for the opening of the fall term Sept. 21, and that the indications pointed toward a good enrollment of new students.

Mr. Bryan stated that in response to his appeal made through the columns of the Commoner for contributions to the college a few months ago, he was receiving occasional contributions in small amounts, and that he had just recently received a contribution of \$1 from a gentleman residing in London, Eng., who was desirous of aiding with his mite the cause of Christian education in the small college.

Mr. Bryan was a guest while in the city of M. F. Dunlap and arrived from Springfield on the Wabash morning train, and departed for Quincy at 1:45 in the afternoon. Mr. Bryan lectured in Quincy Saturday evening. He expects to sail from San Francisco on his trip around the world Sept. 27th.

Friday ground was broken for the Bryan-Bennett library at Salem, Ill., and the following account of the exercises is taken from the press dispatches:

"Fully 7,000 persons witnessed the breaking of ground for the proposed Bryan-Bennett library here Friday afternoon. Hon. William J. Bryan came in from St. Louis at 10 o'clock and was met at the station by about 1,000 citizens. He was accompanied here by Col. Moses C. Wetmore, of St. Louis.

"The exercises were held Friday afternoon on the proposed library site, and the program included several musical numbers, and an address by Mr. Bryan. Before beginning his address, Mr. Bryan turned several spades of dirt.

"In his address he paid a high tribute to President Roosevelt in connection with the Russo-Japanese peace negotiations. The mention of President Roosevelt's name elicited a great burst of applause.

"A pleasing feature was the presentation to Mr. Bryan of a handsome cane, which had been made from one of the timbers of the house in which he was born. The cane was manufactured by Col. J. N. Jones, of Salem, a veteran of the Mexican war, and one of Salem's pioneers. The presentation speech was made by Mrs. Anna Tarrance, a cousin of Mr. Bryan.

"The library commission will at once proceed with the work of erecting the building, the funds for which were given by the Nebraskan and his late friend, Philo Sherman Bennett, of New Haven, Conn."

BEAUTIFUL WORKS OF ART.

The one who admires real works of art should by all means call at the store of Schram, the jeweler, and see the stock of beautiful hand painted china. Mr. Schram has provided with characteristic enterprise a fine showcase especially for these goods, and they are displayed to fine advantage. Here is a fine vase with pictures on it of peaches, which look so natural one is tempted to ask for one to eat. Here is a row of elegant plates so exquisitely painted that the beholder is ready to ask for one of the flowers, they look so real. Not far away are a tea set and suitable cups and saucers, also handsome and attractive, which vie with others in completing a scene of beauty which will long linger in the memory.

UNIQUE SOCIAL FUNCTION.

A most delightful and unique
function was given by Miss Ellmer
Moore and her aunt, Mrs. Bradish,
Thursday afternoon. The day was
gray with clouds, but when the for-
tunate guests arrived they found the
sunshine of yellow blossoms every-
where, the color scheme throughout
being yellow. The ladies were invited
at 3 o'clock and an amusing sewing
contest was held. Mrs. Lenington
of Virginia secured first prize for
working best buttonhole; Mrs. Kel-
logg won the second prize. The prizes
were yellow and wrapped in yellow
paper, tied with yellow ribbon.
At 4:30 o'clock the gentlemen ar-
rived, and at 5 o'clock the company
gathered about the tables placed
about the rooms, place cards enabling
the guests to find their proper places.
No end of fun was caused by find-
ing on the reverse side of the card a
rhyme hitting off some characteristic.
The menu was elaborate and deli-
cious and the merry company lingered
long at the feast. The guests voted
it the most delightful affair of the
season and were loath to bid their
charming hostesses good night.
A. Guest.

FINAL SPECIAL TAX NOTICE.

In the Matter of the Special Tax of
the City of Jacksonville for the
Construction of a Brick Pavement
on West Court Street.

NOTICE IS HEREBY GIVEN to
all persons interested, that the board
of local improvements of said city
has heretofore filed in the county
court of Morgan County, Illinois, in
said cause, a certificate showing the
cost of the work, the amount reserved
for interest, and also that the im-
provement has been constructed in
substantial conformity to the re-
quirements of the original ordinance
thereof.

The hearing to consider and deter-
mine whether or not the facts as
stated in said certificate are true will
be held in said court on the 25th day
of September, A. D. 1905, at 9
o'clock a. m., or as soon thereafter
as the business of the court will per-
mit.

All persons desiring may file ob-
jections in said court before said
day, and may appear on the hearing
and make their defense.

Board of Local Improvements.

Not How Cheap
BUT HOW GOOD

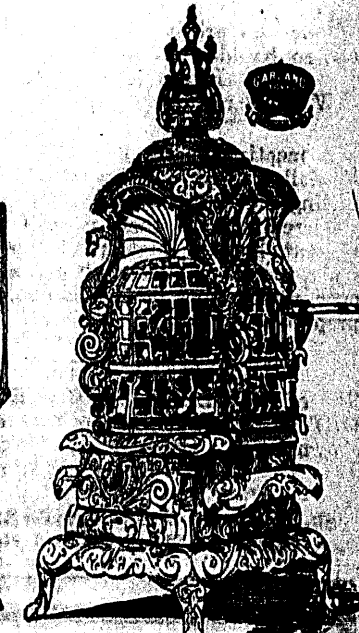

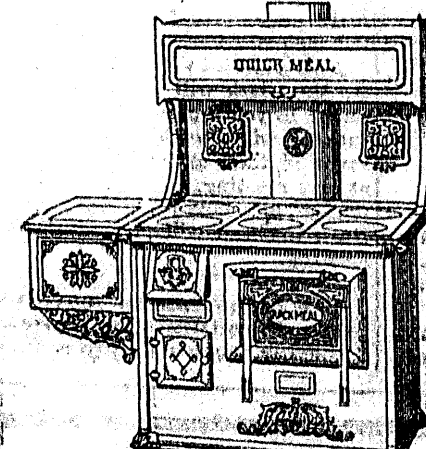

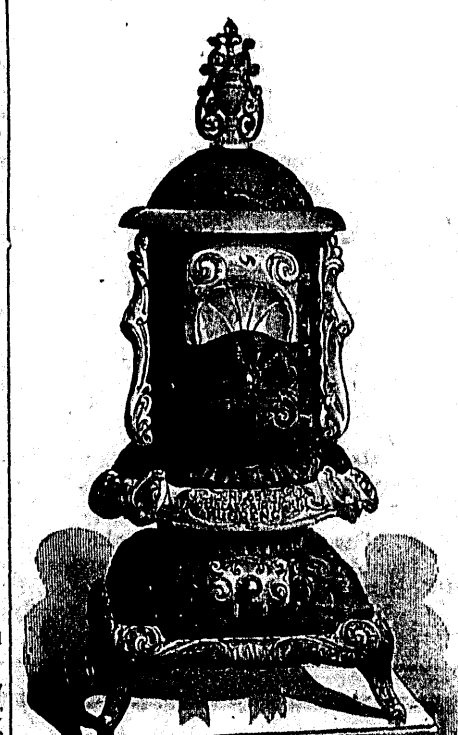

We are not in the furnace business to see
how cheap we can build them. The trad-
e of cheapening is one we never-rved an appren-
ticeship in. It isn't worth the time. The
only way to get satisfaction out of furnace
work is to do it as well as it can be done. We
do not claim to have the cheapest furnace,
but we do claim to give you more
**Good, Honest Furnace
Value**

than you can obtain elsewhere. You must not lose sight of the fact, that in buying a
cheap furnace you pay for what you get, and since the dealer who sells the cheap fur-
naces make as much as the one who puts up a good one there is a great temptation to
use the cheap price as a bait.

The 20th
Century
Furnace

Burns any old coal and burns it to a white ash. No smoke, no soot, no gas. Every-
thing consumed. It is the best furnace made. No question about that. So let us
book your order early and then you will be on the safe side.
Call or phone and we will cheerfully furnish estimates.

STOVES
AND
RANGES

We are mounting and sampling between three and four car
loads of Stove goods and will make the largest showing of these
goods in the state. We have the best goods made, and buying
in the quantities we do enables us to give you the very best goods
produced at the lowest possible price. Don't fail to see our line
and get our prices before you buy.

SHOES FOR SCHOOL PURPOSES

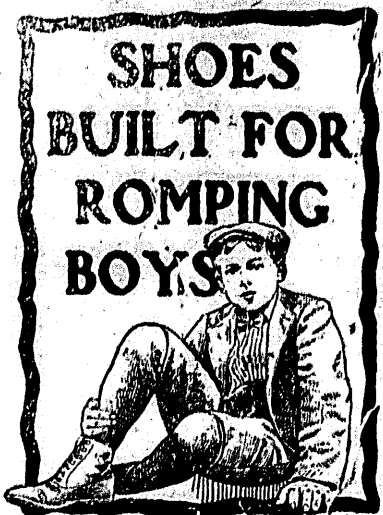

Now that school is open, you are thinking of good wearing shoes for that boy or girl. Let us call your attention to our strong line of boys' and girls' shoes that we are offering for fall and winter wear. Shoes of sufficient consequence to warrant your consideration without any trifling inducement as a drawing card. Nothing but shoes.

School Boys' Pride Shoes

occupy a prominent place in the offerings for the boys on our shelves. A wide assortment of styles and leathers, shoes that wear and satisfy, price \$2.00. Try a pair. Strong offerings at all prices. We can suit you. In misses' and children's shoes we are strong, all leathers, styles and prices. We lead in children's shoes.

FOOTBALL PROSPECTS

Outlook for University of Illinois far from flattering—Loss of Good Men.

Football prospects at the University of Illinois for 1905 are far from bright, says an exchange. The loss of Rothgab, Fairweather and Loneragan by graduation make things look dubious for the team, and the news that Hazlewood, the giant center, would not return to school, has given the coaches a decided setback.

Caston, whose work at full back was one of the features of the Chicago game, had planned to take post-graduate work this year, and as he is eligible for the team, he was counted as one of the mainstays of an untied bunch of youngsters. He has written that he will not be able to be in school during the fall term. Deiner, the big guard, has dropped out of school. Sowers, the crack Urbana high school player, will not attend the fall semester. On the whole the outlook could hardly be worse.

Among the old men who will be in school, are Moynihan, captain; Young, the colored lad who played good ball last year; Carruthers, last year's crack half back; Taylor, quarter back; Kirk, half back; Wheeler, quarter; Bateman, sub center, and Burrows, sub full back. Burrows will probably be used in the line this year, owing to increased weight. He tips the beam at 190 and should prove an excellent man in the line.

Pinckney, half back on the Pontiac high school team, is expected to enter school this fall, and is counted upon to materially strengthen the team. Bronson, whose great work at half two years ago placed him among the leaders in the west, may possibly play this year at end, his frequent injuries making it necessary for him to change from the half back position.

SUDDEN DEATH.

Thomas Sanford, of Kahoka, died very suddenly Saturday morning in the flat above Whitfield's drug store, near Eighth and Hampshire streets, in Quincy. He was a roomer there in the family of Conductor Webster, and had been with them for the past three weeks. It seems that Sanford had been complaining of Bright's disease ever since he had been in the city and said he felt worse Saturday. Some time after he had been about the house he suddenly fell to the floor. Dr. Brenner was hastily summoned, but the man was breathing his last when the physician arrived. Apoplexy probably brought about the end.

Y. M. C. A. NOTES.

This afternoon at 4 o'clock the men of Jacksonville will be given the opportunity of hearing one of the most remarkable of life stories from the lips of a Christian traveling man who spent eleven years of his life as a sailor on a British man of war. A man whose boyhood days were spent in the streets and about the wharfs of London and who never knew what it is to have a father or mother. He tells his story in the simplest manner and with a decided English accent, leaving the boys off

and putting them on, just where they ought and where they ought not to be. The pathos and humor of this man's plain story appeals with great force to those who hear him. He is Robert Clark, of Indianapolis, Ind., commonly called "Sailor Bob."

In addition to the address some special music will be given by the male quartet and by the orchestra. All men are invited to be present.

At 3 o'clock to day in the Y. M. C. A. Mr. Clark will speak to the boys under 16 years of age. Mothers and fathers will do their boys a great favor if they urge their attendance at this meeting, for Mr. Clark has a mighty influence for good over boys. Dean Cochran will play at the boys' meeting.

Now is the time to leave your orders for millinery at Herman's. Superior workmanship assured.

BAYLISS MAY RESIGN

To Accept Presidency of Normal School at Macomb—A Problem for the Governor.

Chicago, Sept. 9.—Governor Deane, who is in Chicago, before long will have a problem of state patronage to solve which is likely to cause him considerable trouble.

Coincident with the governor's appearance in the city, the story was circulated that Alfred Bayliss, who has been state superintendent of public instruction since 1898, intends to resign to accept the presidency of the Western Illinois normal school at Macomb. This will leave a vacancy which Governor Deane will fill, and Lieutenant Governor Sherman wants Jacob Thompson, of Macomb, named for the place. Thompson now is assistant superintendent, and Sherman contends that, if he is to get anything out of the political alliance made at the deadlock convention, his friend should be promoted.

O. J. Kern, of Rockford, county superintendent of schools, one of the foremost educators in rural Illinois, also is an aspirant for the state superintendency, and is strongly supported. A movement is afoot to make him the Republican candidate in 1898.

Mr. Thompson also intends to seek the party nomination.
